PARENT WORKSHOP

Dear Second Nature Families,

Thank you for your patience as we've worked to determine the best way to deliver our virtual parent workshops until we can resume our in-person monthly workshops. Moving forward, all parent workshop information will be listed on the Dashboard in the Parent Portal. Dates and registration links will be listed on the page.

We look forward to your participation. We have extended the length of the virtual workshops from 90 minutes to 2 hours to allow for more dialogue and questions.

We look forward to seeing you in a workshop soon!
